

ICD10 Conversion in NorDxNOW

Beginning on October 1st, a conversion of diagnosis codes will need to occur in NorDxNOW. Any order placed prior to October 1st with an ICD9 code and collected after October 1st will bring up a prompt to convert the diagnosis code.

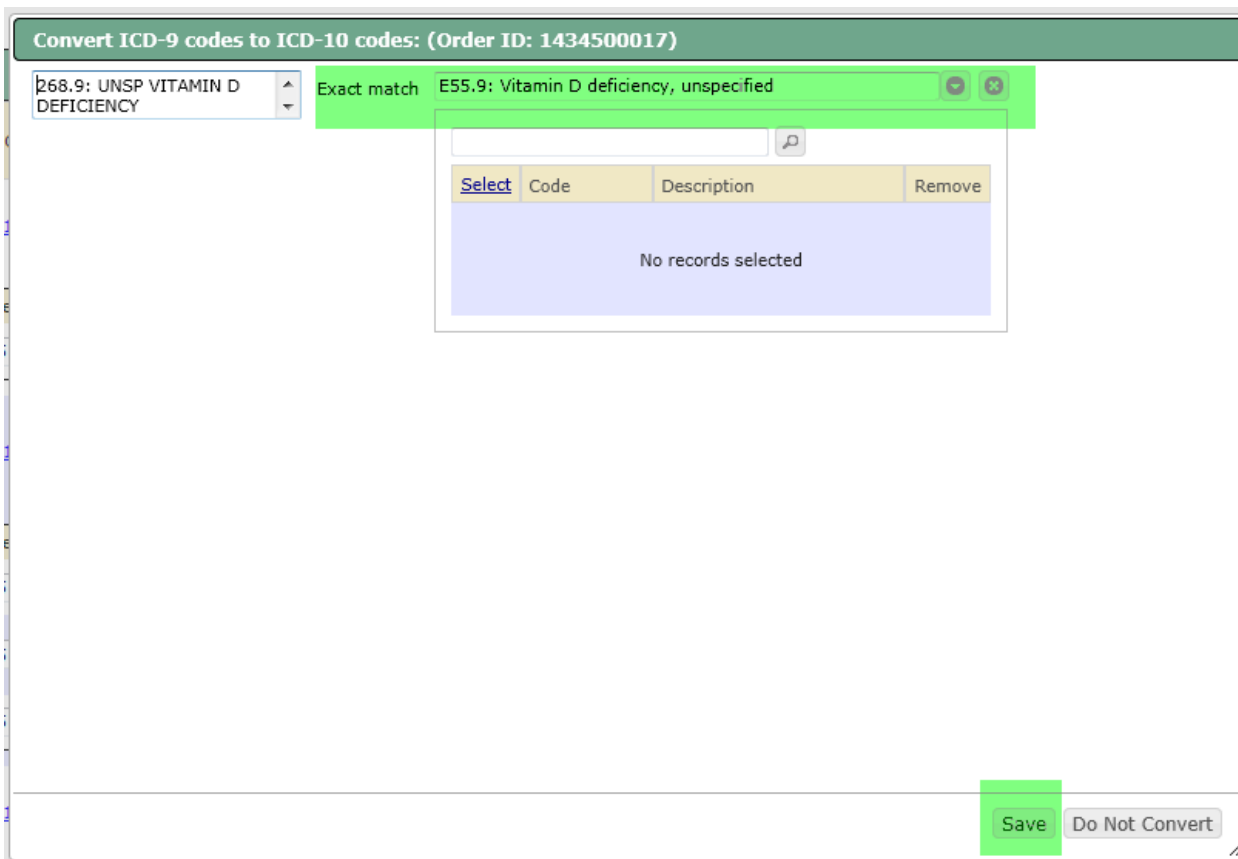

This process is the same when collecting samples in Pending Collection and on the Collect Samples page.

After selecting the order to be collected, a pop up asking you to convert the diagnosis code will appear.

Select **Convert to ICD-10 codes**

Select the drop down arrow in the **Exact Match** field. If there is only one option to be selected, select the new code and **Save**. Do not search for a diagnosis code in these second search field.

If converting the codes to ICD10 and there is not an exact 1-1 match displayed, select **Do Not Convert**. This will leave the ICD9 code on the order and the billing department will review.

Convert ICD-9 codes to ICD-10 codes: (Order ID: 1524000006)

934.9: FB RESPIRATORY TREE UNSPEC

Select match from list or search all codes.
